Madrid, 24/10/2025. CUPRA joins *La bola negra*, the new cinematic project by Javier Calvo and Javier Ambrossi, as official mobility partner. Through CUPRA City Garage Madrid, the brand provides a fleet of **25 electrified and fully electric vehicles** for the **transportation of directors, technical crew, and cast members** throughout the filming period. With this alliance, CUPRA reinforces its commitment to **electrification** and supports production that will travel across multiple locations within and beyond Madrid, in a shoot **designed to be sustainable in all its stages**.

This **collaboration** with the **new creative project** by **Javier Ambrossi and Javier Calvo** is part of CUPRA's ongoing commitment to **cinema** as an authentic and transformative form of expression, a **creative space that nurtures talent**. With a consolidated presence in key international arenas such as the **Berlinale**, the **BAFTA Awards**, and the **Sitges Film Festival**, CUPRA continues to deepen its engagement with the audiovisual world. The brand does so alongside renowned figures such as **J.A. Bayona**, CUPRA ambassador, and **Daniel Brühl**, a symbol of the creative dialogue between Europe and Hollywood. It also promotes projects like *The Dream Makers*, an initiative by the **SEAT CUPRA Foundation** developed together with **Bayona** and **ESCAC**, which embodies CUPRA's avant-garde vision and cultural impact.

La bola negra takes its title from an unfinished play by **Federico García Lorca**. The film stars **Guittarricadelafuente**, **Miguel Bernardeau**, **Carlos González**, **Lola Dueñas**, and **Penélope Cruz**, and is produced by **Suma Content Films** and **Movistar Plus+**, with **El Deseo** and **Le Pacte** as co-producers. Change needs drivers, and CUPRA believes that real progress comes from radical disruption—by challenging expectations and questioning the status quo. With a full range of models and over 800,000 vehicles sold since its launch in 2018, CUPRA has transformed the automotive industry as a catalyst for creativity and a provocateur of change.

Every CUPRA model is relentlessly expressive—pure design and performance. Its portfolio includes the CUPRA Ateca, the first car to bear the CUPRA badge; the CUPRA León, redesigned and elevated as an independent model; the CUPRA Formentor, the brand's first vehicle developed exclusively in-house and its best-selling model; the CUPRA Born, the brand's first 100% electric vehicle; the CUPRA Tavascan, a fully electric SUV coupé; and the CUPRA Terramar, the brand's new sports SUV.

CUPRA is more than a car. It's a conviction. The CUPRA Tribe is made up of a team of ambassadors who challenge conventions and push beyond the limits that stop others — including Saúl Craviotto, Spain's most decorated Olympic athlete; J.A. Bayona, acclaimed film director; Marc ter Stegen, German goalkeeper; and Alexia Putellas, two-time Ballon d'Or and FIFA The Best award winner. Driven by the obsession to elevate emotion both on and off the road, CUPRA is also the official automotive and mobility partner of FC Barcelona, premium sponsor of the Premier Padel Tour, and proudly competes in Formula E alongside Kiro Race Co.
